

Dear SAVVIK/NCEMSC Member,

It gives us great pleasure to announce that we have selected Henry Schein EMS as our provider of EMS products and solutions. Through a collaborative effort between SAVVIK/NCEMSC, Henry Schein, and Novation, we are positioned to reduce costs and improve the level of service that is critical for continued success. This program will provide access to a complete portfolio of medical/EMS/surgical supplies, pharmaceuticals, and equipment.

By leveraging SAVVIK/NCEMSC' overall purchasing power, you should see immediate savings.

A dedicated representative will be working with you to ensure the highest level of service and support.

We have enclosed the following items for your reference:

WORKING TOGETHER

SAVVIK/NCEMSC Group Member Value Proposition

HENRY SCHEIN PROGRAM OVERVIEW:

Henry Schein has been chosen to provide a best-in-class medical supply program.

The following outlines the value programs we will bring to each member:

HENRY SCHEIN COMPANY OVERVIEW:

- Leading distributor to non-acute health care markets in the US and North America
- Providing service to EMS for 39 years
- Products include Medical/surgical, pharmaceuticals, laboratory, and equipment
- Ordering options include easy-to-use Web-based ordering, phone, fax, and EDI (electronic platform)

MEMBER BENEFITS:

- Product Sales Plan/Formulary encompassing all EMS/medical specialty products
- Pricing integrity
- 1-2 day standard delivery with a 99% fill rate
- New/lower-cost alternatives
- Ease of ordering
- Best-in-class service to include real-time follow-up and communication
- Reporting capabilities include member customized reports and standard product usage reports

COST SAVINGS:

- Proven performance in providing significant total savings upon transition to Henry Schein
- Additional savings opportunity for members to standardize products and/or move to high-quality/lower-cost alternatives, including Cardinal product opportunities
- Supply chain, invoicing, and receiving efficiencies resulting in back-end cost reductions
- Leveraging Novation contracts

MEMBER VALUE-ADDED SERVICES:

- Barcode scanning and inventory optimization
- Inventory Management
- Infection Control - Education Resource, inControl Guide
- Pharmaceutical Programs-Live hotline, Rx samples, Onsite Dispensing, BioTherapeutics Quarterly Publication

STRATEGIC ALIGNMENT OF MEMBER NEEDS AND OBJECTIVES

- Henry Schein will work with each member to clearly understand its short- and long-term service requirements, goals, and objectives
- All levels of Henry Schein Leadership and Service Groups will be strategically aligned to provide best-in-class service to program members
