[Registering on Grainger.com®](#)

Registration is easy. Here are some key things you should keep in mind when registering:

- If you already have a Grainger Account number, please have that handy when registering. It gives you access to your Grainger Account Offline Benefits directly on Grainger.com®. Additionally, you will have visibility into your Orders, Invoice History and other information across all purchasing channels. If you are having an issue accessing your account information, chat with an agent or call 1-800-GRAINGER (1-800-472-4643).
- If you received an email invitation to register and you can't seem to locate that email, chat with one of our agents or call 1-800-GRAINGER (1-800-472-4643) to have it resent.
- It may take up to 24 hours for your account data to be fully synced with Grainger.com for security verification purposes.
- If you would like to establish a line of credit with Grainger to use Open Account Billing on Grainger.com please contact 1-800-GRAINGER (1-800-472-4643) once you are notified of your account number.

Single page customer registration process.

State and local government customers follow the same steps.

With a few easy steps, you can take advantage of all the benefits of being a registered Grainger customer.

- Track order & history
- Faster ordering options
- Fast funding terms

Account info

Federal government customers have slightly different registration options.
